Testimonials

"I thought the seminar was a bridge to greater intimacy in my relationship with my wife. We saw very clearly that there was a third person in our marriage -- and that God wanted us to be happy together. Some parts of the seminar were scary, and many were funny. But if you want to grow deeper in your bond with your spouse, the U.N.I.T.Y. in Marriage course is a great way to do it!"

"To have a better marriage we needed to better apply Christian principles to our lives and relationships. The U.N.I.T.Y. in Marriage seminar is focused on helping couples live a more abundant life. I never felt judged or inadequate. Jason has a great way of being honest and confrontive and yet still be supportive. This is a course for couples of any background who strive to have great love and respect for each other and are willing to work at it."

"Extremely helpful for us. So much so that we've used it as a base for ongoing tune-ups a few times per year since. Gives you a foundation for building a Christ-centered marriage so you're not trying to "fix" things with your own efforts or skills."

Marriage

We believe that we are called together in Marriage as believer priests to advance the Kingdom of God. Second only to our covenant relationship with God are the covenant relationships we make with our spouses. Marriage holds a strategic place in God's over all strategy teaching His creation to experience and express His love. By exploring the U.N.I.T.Y. in Marriage paradigm we will lay a wise foundation upon which couples can build dynamic loving marriages that honor God and bless the world.

U.N.I.T.Y. in Marriage

The U.N.I.T.Y. in Marriage paradigm has been developed over years of pre-marital and marital counseling and teaching. It stands for: Unconditional love, a Nest for you and for raising the next generation, Intimacy to the extreme, a Tool for honing our character, and a Yoke, which binds you to a common mission in life.

In this seminar couples will be trained in the core understandings, tools and methodologies that create dynamic God-honoring marriages.

With marriages ending in divorce at an alarming rate, both inside and outside of the church, learning and implementing God's wisdom for building a marriage that experiences and expresses the love of God is vital. This seminar is designed to ground you in God's wisdom for doing just that and to give you the practical tools and paradigms that you can refer back to during the different seasons of your life.

Participants will dive into the deeper aspects of Christian Marriage that include:

- The U.N.I.T.Y. paradigm
- The top 10 threats to Christian Marriages
