This journey...cannot be taken in isolation; it requires guidance, evaluation, care and understanding. Life Spring has provided that for us. Life Spring is helping us understand what it means to better stewards of the gift and privilege bestowed unto us by God. Life Spring is not a resource, but instead, it is the strong and powerful Hand coaching us and steering us in the direction that only God knows, but Life Spring understands.

LSN and Consulting

Life Spring Network (LSN) is a Christian discipleship and reproductive leadership training ministry that developed through the experience and vision of the President, Rev. Jason Pankau. As a pastor, seminar/retreat leader, organizational consultant and personal life coach, Jason has sought out and developed some of the best materials on wisdom and life stewardship to help people and organizations realize their potential.

Our Experience

Jason Pankau has been consulting with Church and Business leaders since 1997. Through Life Spring Network, Jason brings his experience and insights to your corporation, church, group, or organization.

Consulting and the Omega Experience

We have developed a comprehensive blueprint for you and your group or organization to dive into the deepest levels of discipleship the way it was meant to be experienced: together. We help you harness the transformational power of the Omega Course by facilitating the entire Omega Experience: Combining the Substance of Omega with the Strategy of Mentoring in the Soil of Connection!

In order to bring about the kind of a culture shift that the Omega Experience is designed to facilitate, it is often necessary to work with the leadership team of a community or organization to help them craft a new reproductive disciple-making Masterplan which will guide their efforts into the future.

Consulting Services

There are several ways in which Life Spring Network partners with organizations to do this:

Developing a Masterplan

We have helped Churches and Businesses develop comprehensive Masterplans which have guided them toward advancing their cause and stewarding their organizations wisely under God from broad brainstorming to daily implementation and everything in between.

Create an Engaging Environment

We can help you think through and apply the five key elements necessary to transform even the most lethargic and disconnected community, organization or office into an impassioned, innovative, and thriving workplace.

Seasonal Staff Infusion

A decision to transform an organization is serious and its initial stages may need a more intensive infusion of consulting time. We recommend an intentional part-time staff infusion for a season to help guide your congregation and its leaders into functioning more like a reproductive disciple-making community. Our staff can provide wisdom in helping to design your community's Masterplan, powerful sermons, live training of the Omega Course and supplemental seminars and mentoring/life coaching to your key leaders to get them started along the journey.

Customized Resources

Make transformation integral to your church's identity. Life Spring Network can place your church's logotype or any other form of branding on all your Omega resources, allowing the congregation to take ownership of this vibrant experience in a special way. We would be pleased to work closely with your leaders to customize the language used throughout the Omega Course materials so that your community can engage them with enthusiasm and without hindrance.

Consulting Process

Our Consulting and Church Partnering Process is as follows:

- 1. Assessment** - LSN will interview and discuss reproductive disciple-making with your senior leadership team and staff to assess your current strengths and weaknesses.
- 2. Recommendations** - LSN will recommend a new course of action for your leadership team including any appropriate Speaking, Seminars, Consulting, Resources and Life Coaching/Mentoring from our staff that will help you create and implement a holistic plan to grow reproductive disciples and establish a mentoring network.
- 3. Agreement** - LSN and the local church or para-church ministry agree to a plan of action and sign a contract of engagement. Because we believe that most things in life are caught more than they are taught, our staff will be willing to play part-time roles within your leadership team structure. We do this because modeling and mentoring others for a season of training can bring about transformation that lasts.
- 4. Implementation** - LSN staff will implement the agreed upon plan of Speaking, Seminars, Consulting, Resources and Life/Coaching Mentoring for the agreed upon amount of time.
- 5. Evaluation** - During and upon completion of the agreed upon course of action,* we will evaluate our progress and adjust as God leads. Upon completion of the consulting contract, if you believe more intentional involvement of LSN staff is needed we will repeat this church partnering process.

*We believe strongly in reproductive disciple-making, so we will help you identify and mentor others within your community to function in various roles within your leadership team as we leave.
