

Life Spring Network - 360 Membership

The 360 Membership

Join us as you begin or continue your journey to transform your church into a holistic disciple-making community (*a truly missional church*).

Connect with LSN staff and other leaders in our network on an intentional journey to change the culture of your congregation.

Life Spring
NETWORK

Why Invest in this Membership?

If you would like to go beyond just trying out some of our products and services to affecting an intentional holistic (360 degree) transformation of your church, you will benefit most from the 360 Membership. This membership allows you to connect with LSN staff and other leaders in our network on an intentional journey. Our experience has shown us that this membership will provide the optimal environment for helping you to change the culture of your congregation. Contact us at (312) 783-3858 or [email](#) for more information or to sign up!

What is included in the 360 Membership?

EXPERTISE

Life Spring Network has been working with churches for over a decade, helping them become holistic, transformational disciple-making communities. We know many of the roadblocks that prevent true disciple-making in a church and have proven steps to overcome them. We have learned through trial and error what pastors need to grow.

PEER MENTORING – LEADERSHIP GROUPS

As a leader, you need a community of like-minded peer mentors who are leading change in their churches. This will help you discover how God is moving through other congregations and allow you to share how God is moving through your congregation. You will participate in a regular online group with other leaders. Weekly Covenant Life Group (usually 1 hour long) with other leaders.

INTENSIVE MENTORING FOR PERSONAL SPIRITUAL DEVELOPMENT

As God is affecting change through you, you need a place where you can be real, have your soul renewed and be held accountable in your development as a disciple. We will engage you in a quarterly mentoring session with an LSN staff member.

MASTERPLANNING ACCOUNTABILITY FOR CORPORATE SPIRITUAL DEVELOPMENT

As part of the transformational change, you will be providing accountability to your leaders and members. But who is holding you accountable? LSN staff will help you build your plan and coach you along the way. We build into your plan Accountability Checkpoints – specific times in your implementation where we intentionally review where you are, what has changed and where LSN staff or Network churches can assist in your corporate growth. This is usually a quarterly connection time.
