## Mentoring: Why?

Life Spring Network, in conjunction with Arrow Leadership, is excited to present this dynamic new four hour seminar.

Mentoring is the key to realizing our potential in all areas of life. It's the way Christ trained and molded His disciples into a group of spiritual leaders who changed the course of history.

How does someone become a mentor or find one? What are the possibilities of the impact mentoring could have for your church or ministry context?

The Mentoring Connection Seminar will help you answer these questions.

Arrow Leadership has been at the forefront of the leadership mentoring initiative for the last sixteen years. This powerful and straightforward resource will help you understand biblical mentoring and stimulate the desire for people to develop mentoring relationships in your church or ministry.
