

The Omega Experience at a Glance

Soil

Strategy

Substance

Prepare the relational soil and stimulate interest in discipleship.

These three seminars are a good place to begin. They help establish the right expectations for a church's journey to become a disciple-making community.

Train your key leaders to live it and lead others through it.

Masterplanning
These seminars and our consulting services are built to help you see the big picture of a Biblically functioning community and the Omega Experience.

Skill Training
These seminars are created to train you in the vital roles necessary to bring about holistic, transformational disciple-making.

The Omega Course

Begin taking people through the 24-session Omega Course, establishing it as basic training for every believer. Many churches use this as part of their Church membership process.

Creating a Connection Culture Seminar

This four-hour seminar will give participants the guidance and tools necessary to create a culture in which disciple-making can flourish and become normative. With the Five Elements of a Connection Culture in place and embraced, your community will be better equipped to resist consumer Christianity and develop the relational soil within which a Biblically functioning community can take root.

U.N.I.T.Y. in Marriage Seminar

This eight-hour seminar is designed to help couples build a marriage that experiences and expresses the love of God. It examines what the Scriptures say about marriage and uses the U.N.I.T.Y. in Marriage paradigm to build a Godly foundation.

The Mentoring Connection Seminar

Life Spring Network, in conjunction with Arrow Leadership, offers this dynamic four-hour seminar designed to equip participants with the motivation and confidence to engage in mentoring relationships. This powerful and straightforward resource will help you understand Biblical mentoring and stimulate the desire for people to develop mentoring relationships in your community.

Body Life Basics

This seminar is used to train leaders how to create a masterplan for becoming a disciple-making church. It helps leaders think Biblically, holistically and practically about the church's mission, functions, strategy, goals, coordinated servanthood and tactics. It perfectly complements the Omega Course content and can be used to help leaders as well as members get on the same page with the who, what, where, when, why and how of your congregational life together.

The Omega Experience Masterplan Seminar

In this four-hour seminar participants receive a brief history and overview of Omega in a way that clarifies its purpose for church-wide transformation by examining the why, how and what of the Omega Experience.

LSN Consulting

This journey can be adapted and tailored to meet different time frames, leadership maturity levels and church cultures. Working with your key staff, we can create a custom-made version of the Omega Course which speaks your church's language. We also consult with church leadership teams to help them evaluate where they are as a disciple-making community and prayerfully create a contextualized masterplan for disciple-making.

The Omega C.O.R.E. Small Group L.E.A.D.E.R. Seminar

In this two-hour seminar we equip your small group leaders to facilitate covenant small groups and establish a new level of normal in your small group life together. This seminar trains people in our C.O.R.E. small group L.E.A.D.E.R. paradigm.

Coupled with the four-hour Omega Experience Masterplan Seminar, this seminar gives your leaders a brief history and overview of Omega and shows them how to utilize the Small Group Leader's Guide for maximum effectiveness in facilitating their group.

Omega Mentor Training Seminar

This six-hour seminar will dive into the deeper aspects of mentoring that include: The Power of Transformational Ministry, Principles of Mentoring and Coaching, and Mentoring Others Using the Omega Course.

Omega Site Coordinator and Live Trainer Seminar

This two-hour seminar will equip you with everything you need to know to facilitate the Omega Experience in your own context as a facilitator or a live trainer.

Omega Course

The Omega Course was created to be facilitated in large and small groups throughout a church. In addition to these settings, Omega can be done one-on-one in a mentoring relationship.

The Omega Course is designed to adapt to the specific needs of your cultural context. This flexibility exists on a number of different levels. Each church community and culture presents different scheduling challenges. We have created Omega to be able to flex with your church calendar.

The Omega Course can be taught as slow or fast as people are able to process the material. Half a session a week, one session per week, two sessions per week (we recommend this pace for leaders only), or grouping several sessions together to create retreat experiences. There is a considerable amount of content to cover with daily devotionals and homework as well.

Each person who completes the course will gain a Biblical perspective on discipleship and build a personal growth plan that can be renewed throughout each season of life.

In addition, topical preaching concurrent with the Omega Course content expands and maximizes the journey.

Phase 1.

Take your leaders through one or more of the "Soil" preparation seminars as an introduction to Life Spring Network and the Omega Experience (during the first three months).

Phase 2.

Take your leaders through the "Strategy-Masterplanning" seminars (during the first six months).

Phase 3.

Take your leaders through the "Strategy-Skill Training" seminars (during the first year).

Phase 4.

Take your leaders through the Omega Course and have them begin mentoring one another (during the first 12-18 months).

Phase 5.

Repeat Phases 1, 2 and 4 for your congregation with trained leaders guiding and mentoring (year two-year three). Repeat Phase 3 as new leaders arise.
