

## An overview of what is included in the 360 Membership

**Expertise** – Life Spring Network has been working with churches for over a decade, helping them become holistic, transformational disciple-making communities. We know many of the roadblocks that prevent true disciple-making in a church and have proven steps to overcome them. We have learned through trial and error what pastors need to grow. We will host regular webinars to share our knowledge.

**Peer Mentoring** – As a leader, you need a community of like-minded peer mentors who are leading change in their churches. This will help you discover how God is moving through other congregations and allow you to share how God is moving through your congregation. You will have the opportunity to participate in a LSN Mastermind Group, whose purpose is to coordinate knowledge and effort of a group of leaders who keep each other accountable.

**Intensive Mentoring for Personal Spiritual Development** – As God is effecting change through you, you need a place where you can have your soul renewed and your development as a disciple encouraged.

- Four mentoring sessions for your pastor (or other leader) with Rev. Jason Pankau. The four mentoring sessions will occur after the leader finishes:
  - Creating a Connection Culture
  - Body Life Basics
  - Delta (Sessions 1-4)
  - Delta (Sessions 5-8)
- Additional mentoring available at a discounted rate of \$50/hr. (50% discount)

**Masterplanning Accountability** – As part of the transformational change, you will be providing accountability to your leaders and members. But, who is holding you accountable? LSN staff will help you build your plan and coach you along the way. We build into your plan Accountability Checkpoints – specific times in your implementation where we intentionally review where you are, what has changed and where LSN staff or Network churches can assist.

- Bi-Monthly coaching call from your assigned coach/LSN staff
